ABOUT THE SEMINAR

In the era of Globalization, Indology is one of the widely studied and lending topic. The theme of Indology refers to the academic study of India, its people, and literature. It demands inter-disciplinary, multi-disciplinary and cross-disciplinary approach. Keeping that in mind, we have chosen the topic of this seminar.

So that everyone will be more enriched; in this subject. Once President Ramnath Kovind said in his speech that, "Indology enabled India to imbibe and assimilate modernity without letting go of its cultural roots. From Vidyasagar to Vivekananda and Tagore to Gandhi, one finds that the socio-cultural modernisation of India was built upon a foundation that emphasised an organic synthesis of the eastern and western thought". Remembering his note we are going to search our ancestral Heritage through the eyes of Rabindrahath. The eternal idea of Satyam-Shivam-Sundaram will help to us to search peace of mind. Some new concepts, new vision will definitely draw a bridge between east and the west
